- 4.0 Play Next - Milestone**
User can skip from milestone to milestone while watching the documentary
- 5.0 Play next year**
User progresses through the timeline from year to year interchanging long and short form video
- 6.0 Timeline Paused**
Timeline has been paused to until user makes a selection for a year to see the next content

client: SUPERNOVA	uxd: UX DESIGN FRAMEWORK & WIREFRAMES	version: 1.0	modified: Tue Nov 19 2013	34
description: Tablature Timeline Concept			creator: Tool of NA	prepared by: Chris Becker

4. Highlight Year / Product detail

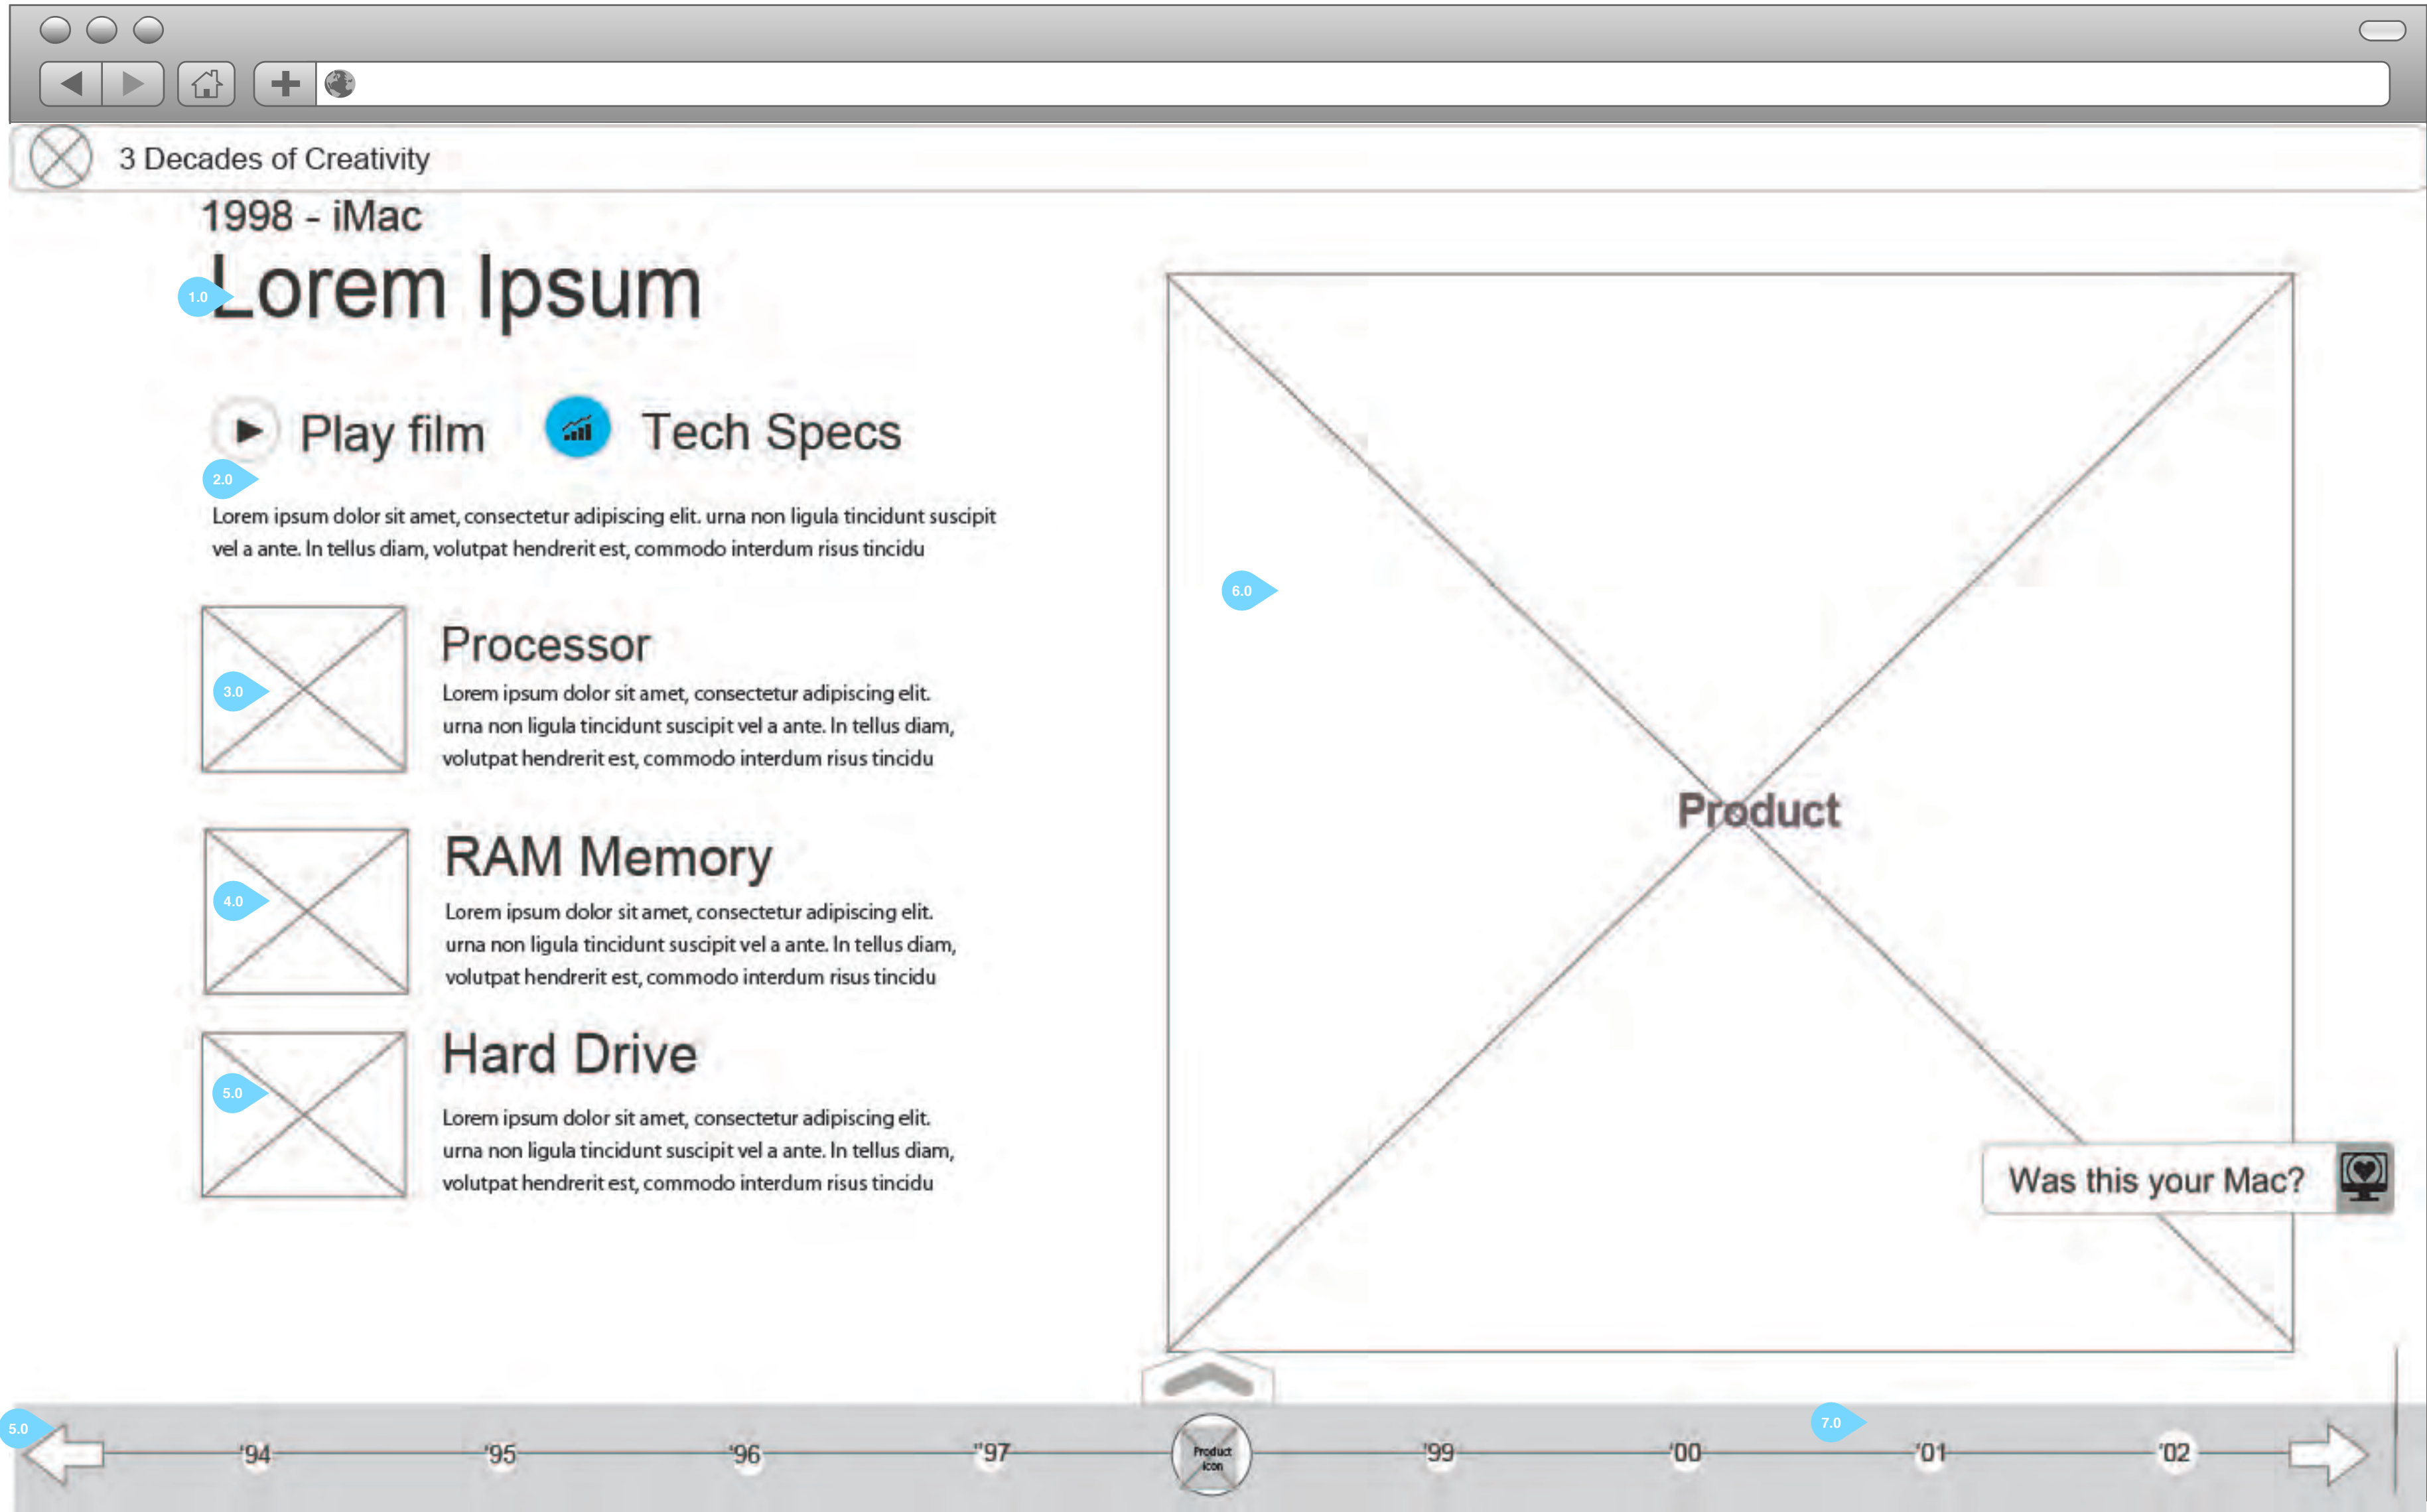

Annotations

- 1.0 Title & CTA**
Each year has full screen video that feature the product and the highlight to build context around how Mac that year made difference
- 2.0 Video CTA**
Each year has full screen video that feature the product and the highlight to build context around how Mac that year made difference
- 3.0 Product by year Image**
Each year has the Macintosh that was released the year. The screen should show the highlight of the project form #1 with in the project
- 4.0 Timeline and Tray Pull up Interaction**
User can explore a 30 year timeline from 1984 - 2014 as they move through years a location indicator appears as year based product icon

client: SUPERNOVA	uxd: UX DESIGN FRAMEWORK & WIREFRAMES	version: 1.0	modified: Tue Nov 19 2013	35
description: Tablature Timeline Concept			creator: Tool of NA	prepared by: Chris Becker

4. Highlight Year / Product detail

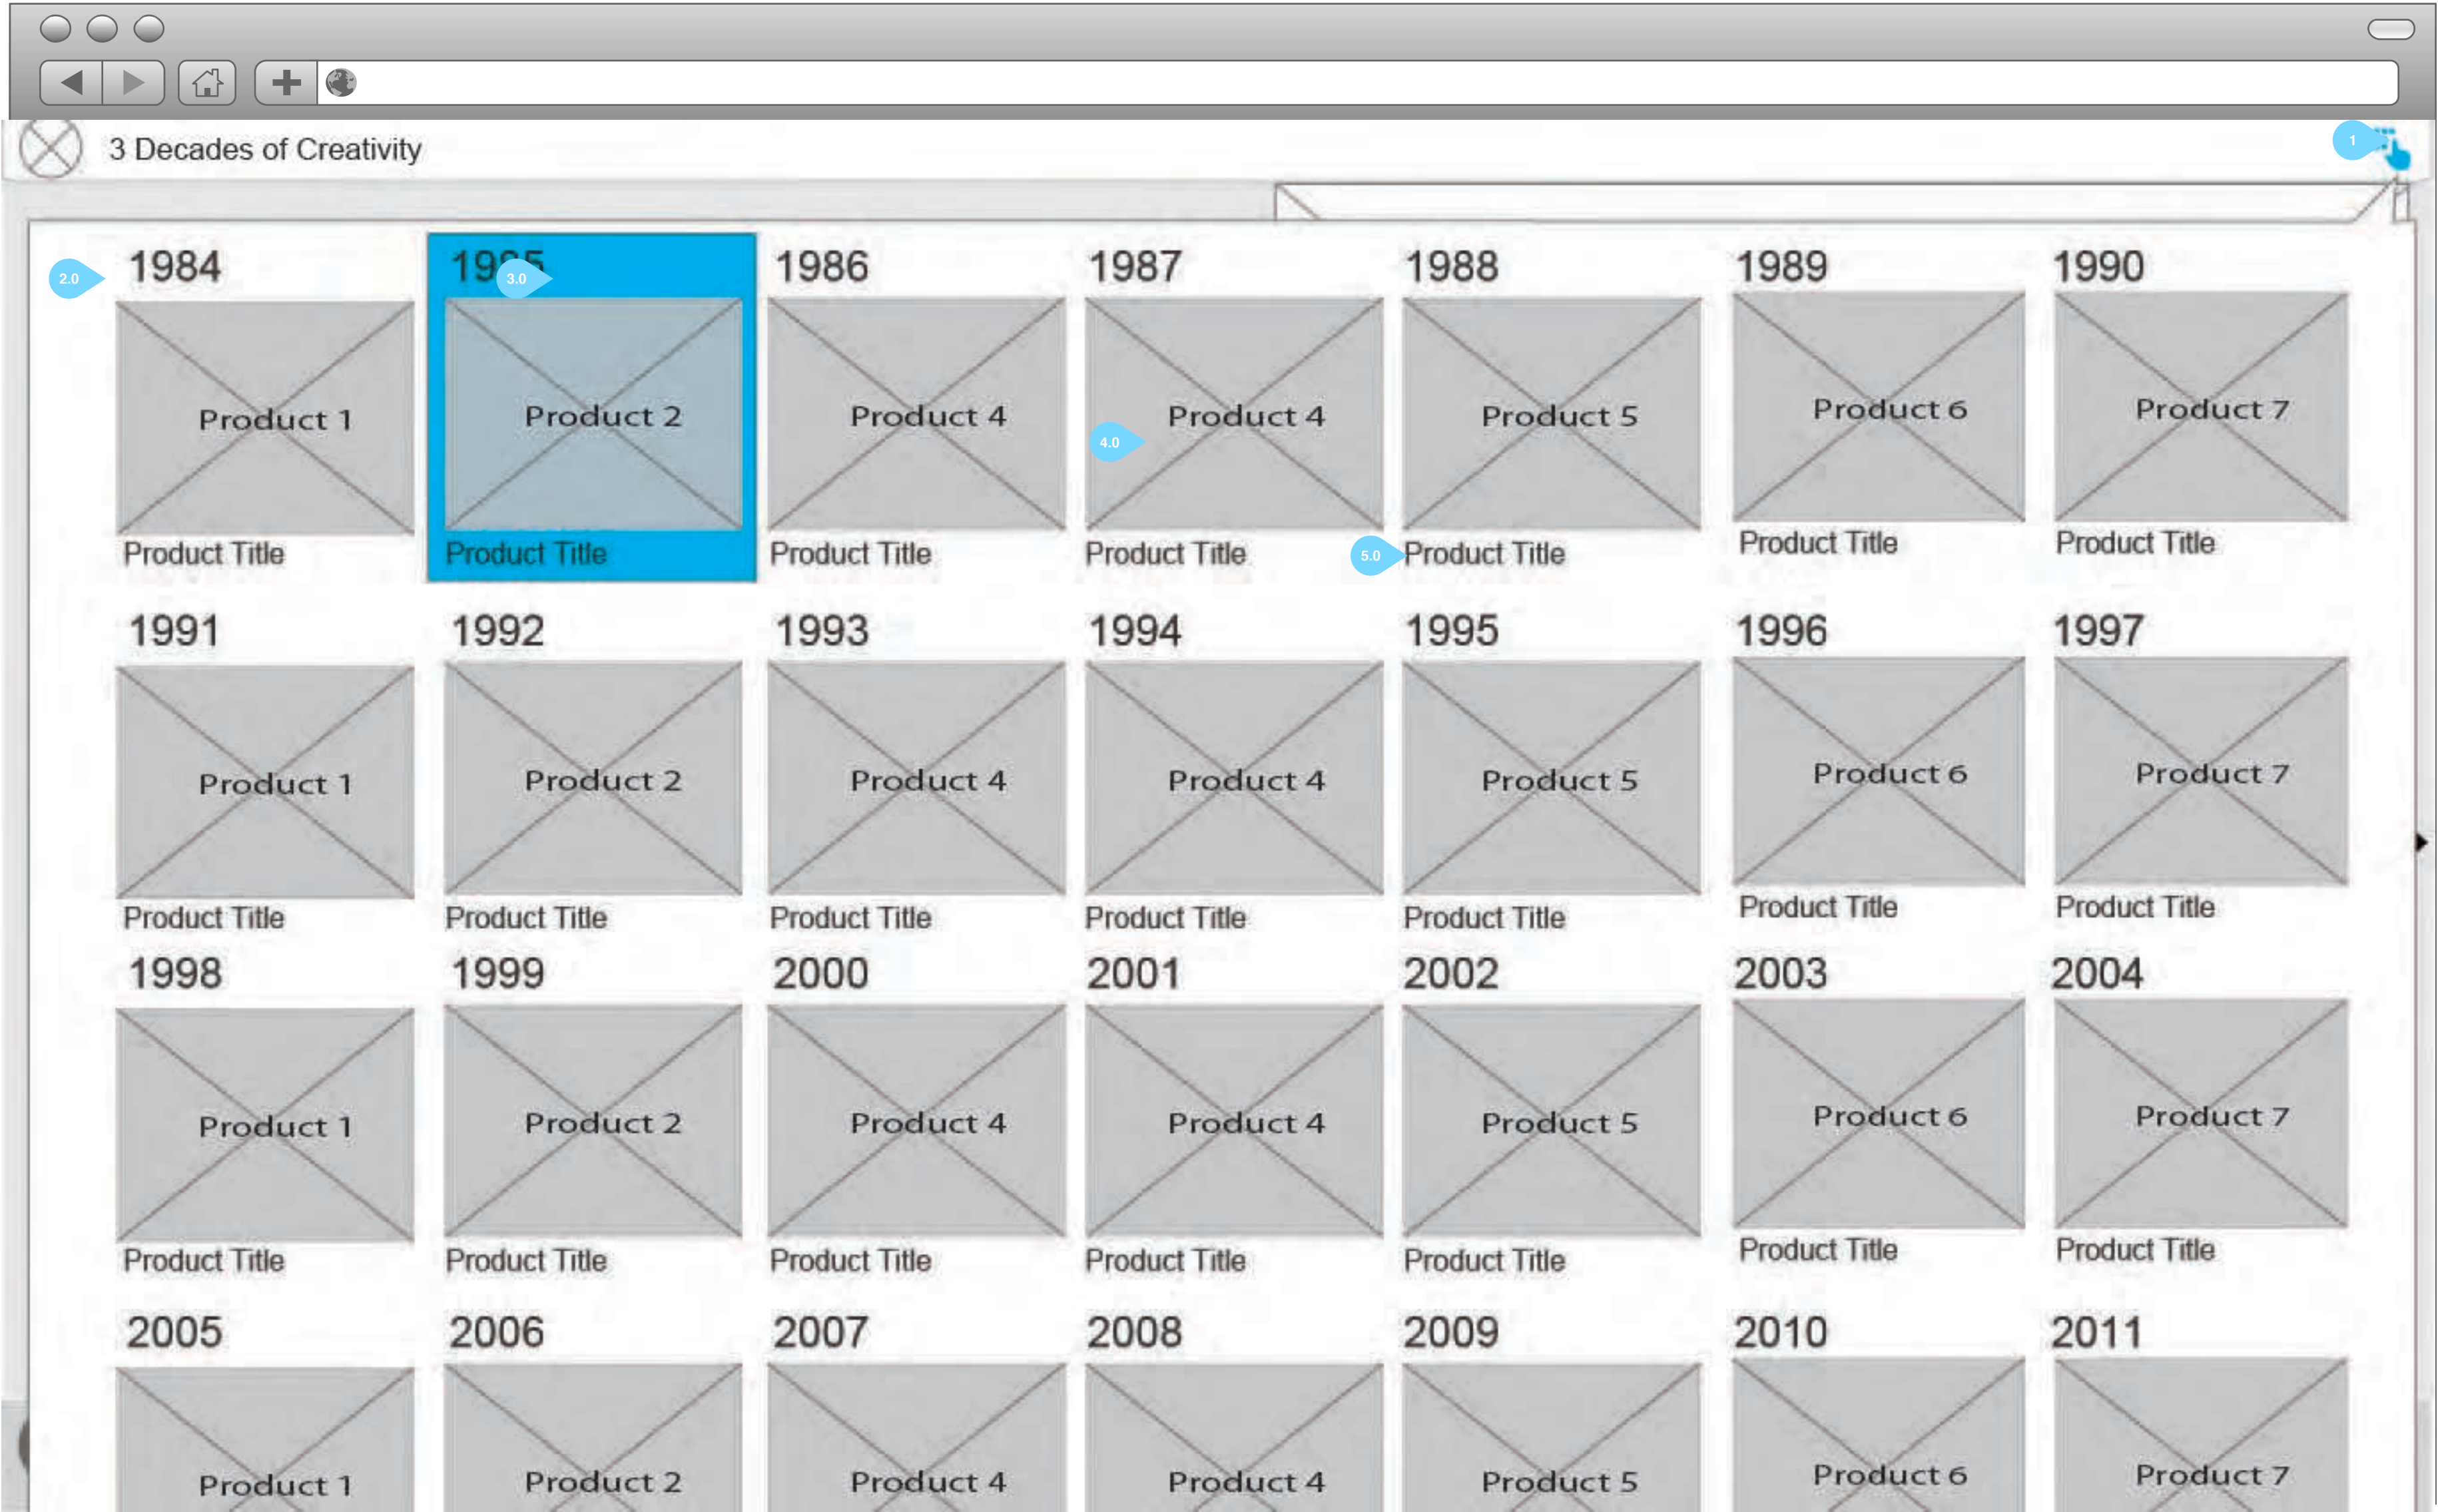

Annotations

- 1.0 Product Spec Copy**
Each year is associated with a product with some short contextual copy about the Macintosh
- 2.0 Processor**
Short specifications about the processor for that product model
- 3.0 RAM Memory**
Short specifications about the RAM for that product model
- 4.0 Hard Drive Memory**
Short specifications about the storage capacity for that product model
- 5.0 Screen Size**
Short specifications about the screen size for that product model
- 6.0 Spec Product Highlight**
User can see a secondary more in-depth product shot for each model
- 7.0 Timeline and Tray Pull up Interaction**
User can explore a 30 year timeline from 1984 - 2014 as they move through years a location indicator appears as year based product icon

client: SUPERNOVA	uxd: UX DESIGN FRAMEWORK & WIREFRAMES	version: 1.0	modified: Tue Nov 19 2013	36
description: Tablature Timeline Concept			creator: Tool of NA	prepared by: Chris Becker

4. Product Grid

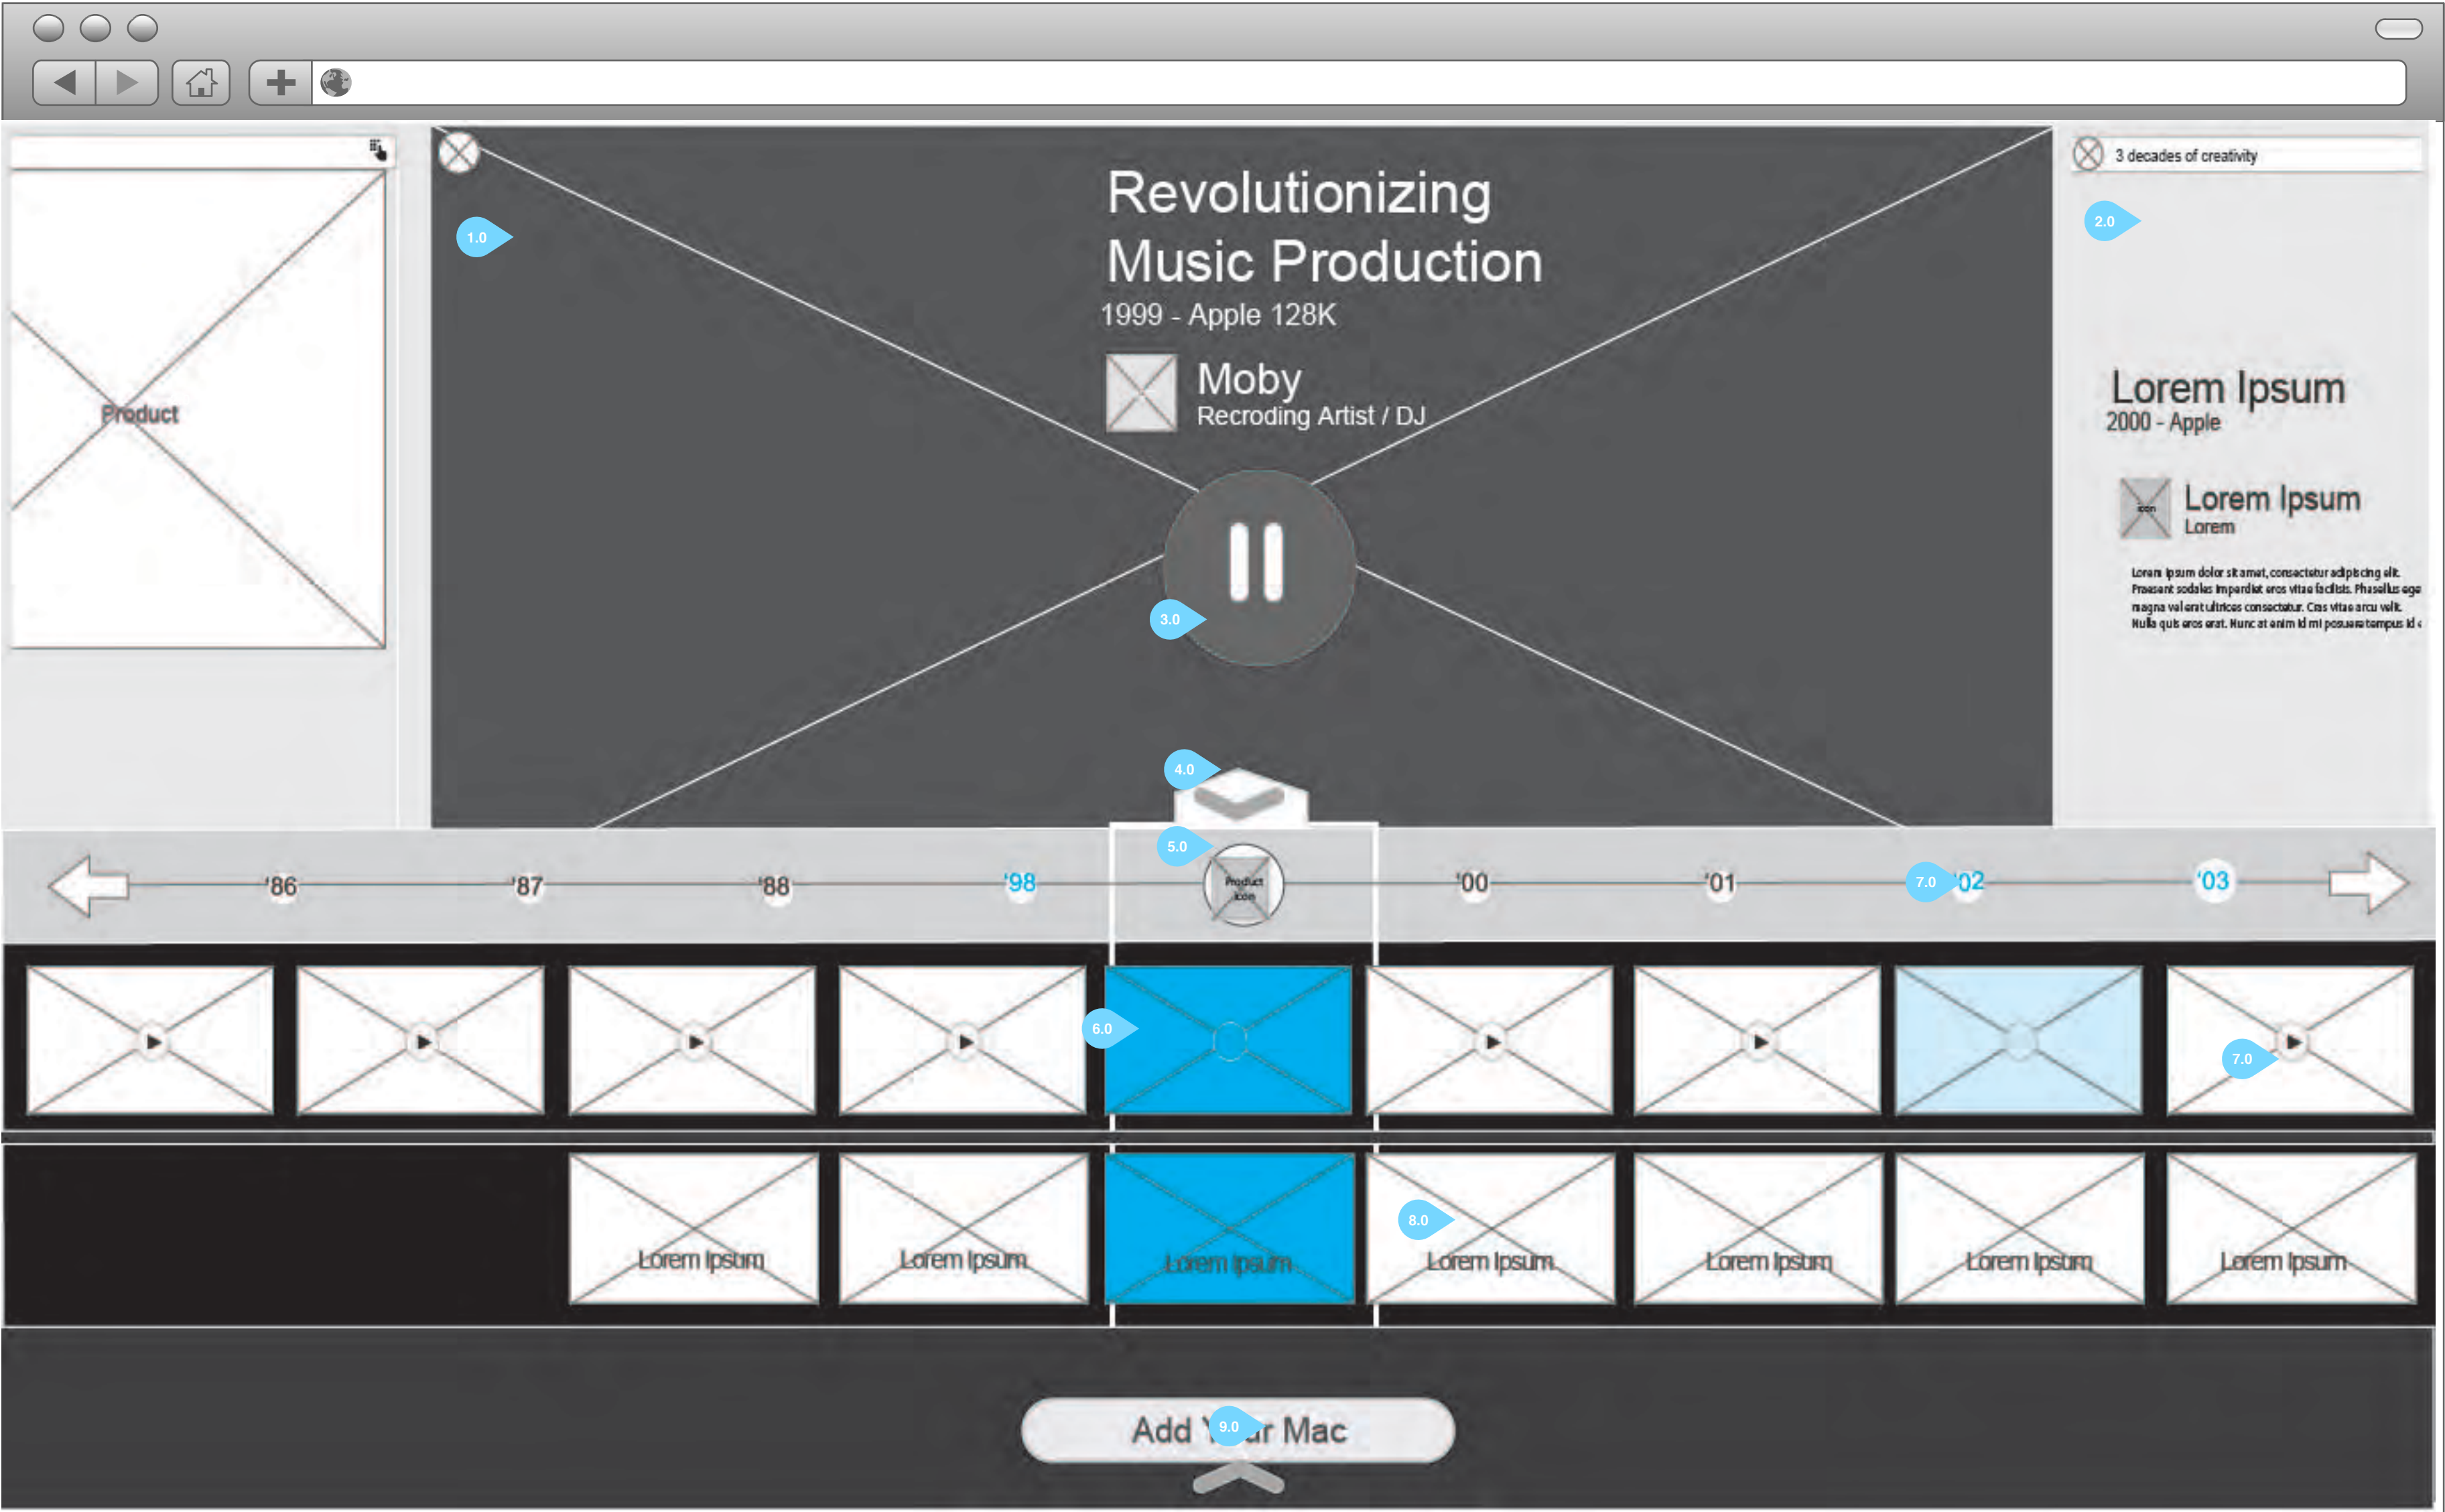

Annotations

- 1.0 See All years grid**
User can reveal a drop down grid of all mac products that allow for quick movement between years and products
- 2.0 Product Grid**
Grid of 30 years of product.
- 3.0 Current location in timeline**
Current product selection remains highlighted in the grid for user reference
- 4.0 Product Icon / Image**
User can explore a 30 year timeline from 1984
- 5.0 Product Title**
Each product is shown with a title.

client: SUPERNOVA	uxd: UX DESIGN FRAMEWORK & WIREFRAMES	version: 1.0	modified: Tue Nov 19 2013	37
description: Tablature Timeline Concept			creator: Tool of NA	prepared by: Chris Becker

4. Timeline Tray Interaction

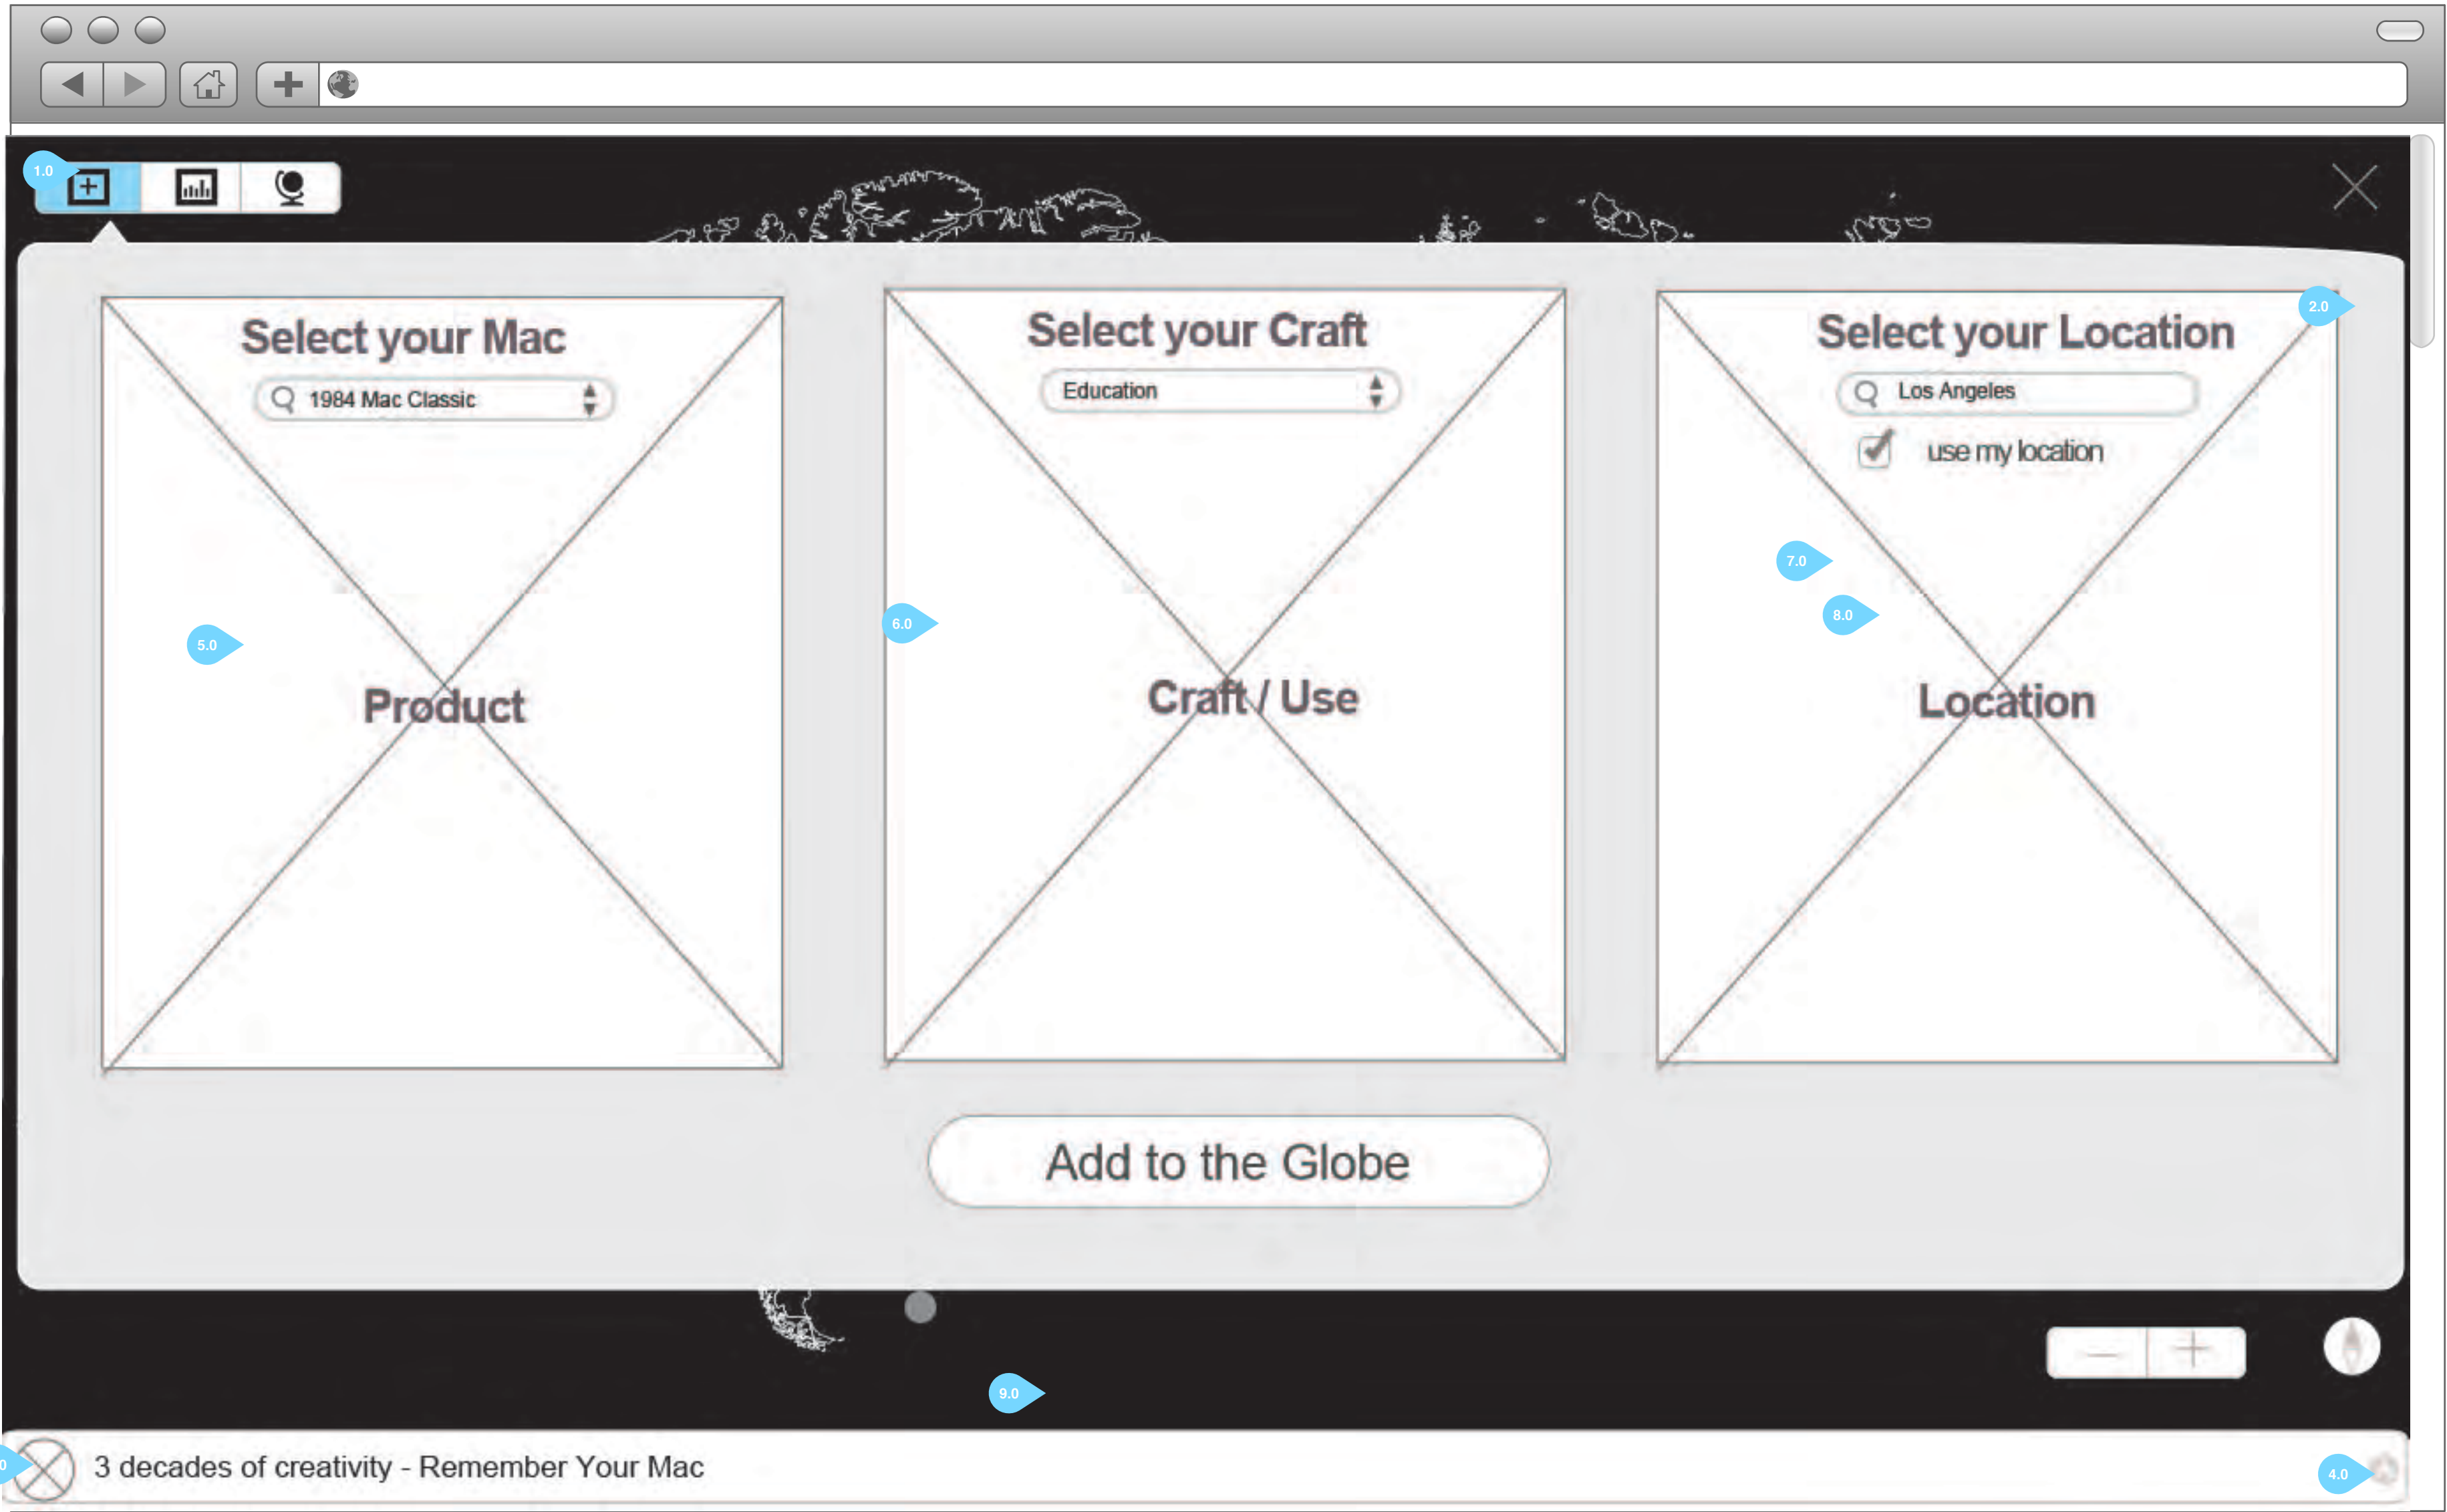

Annotations

- 1.0 Timeline Preview**
User can reveal previously paused interaction when Timeline Trey is active
- 2.0 Next Year**
Small preview of next year content
- 3.0 Current video : Paused**
Current product selection remains highlighted and centered
- 4.0 Open Timeline Tray Tab**
User can explore a 30 year timeline from 1984
- 5.0 Current location in timeline**
Indicating current Year
- 6.0 Highlighted Centered Years**
Indicating current drag and drop to location in the timeline
- 7.0 Product Level**
Shows Products preview for 30 years
- 8.0 Milestone level**
Shows Products preview of 10 milestone content pieces that align with specific years in the 30 year timeline
- 9.0 Social Visualization**
User can add their mac to a social data visualization

client: SUPERNOVA	uxd: UX DESIGN FRAMEWORK & WIREFRAMES	version: 1.0	modified: Tue Nov 19 2013	38
description: Tablature Timeline Concept			creator: Tool of NA	prepared by: Chris Becker

6.1 Social Visualization - 3 step form

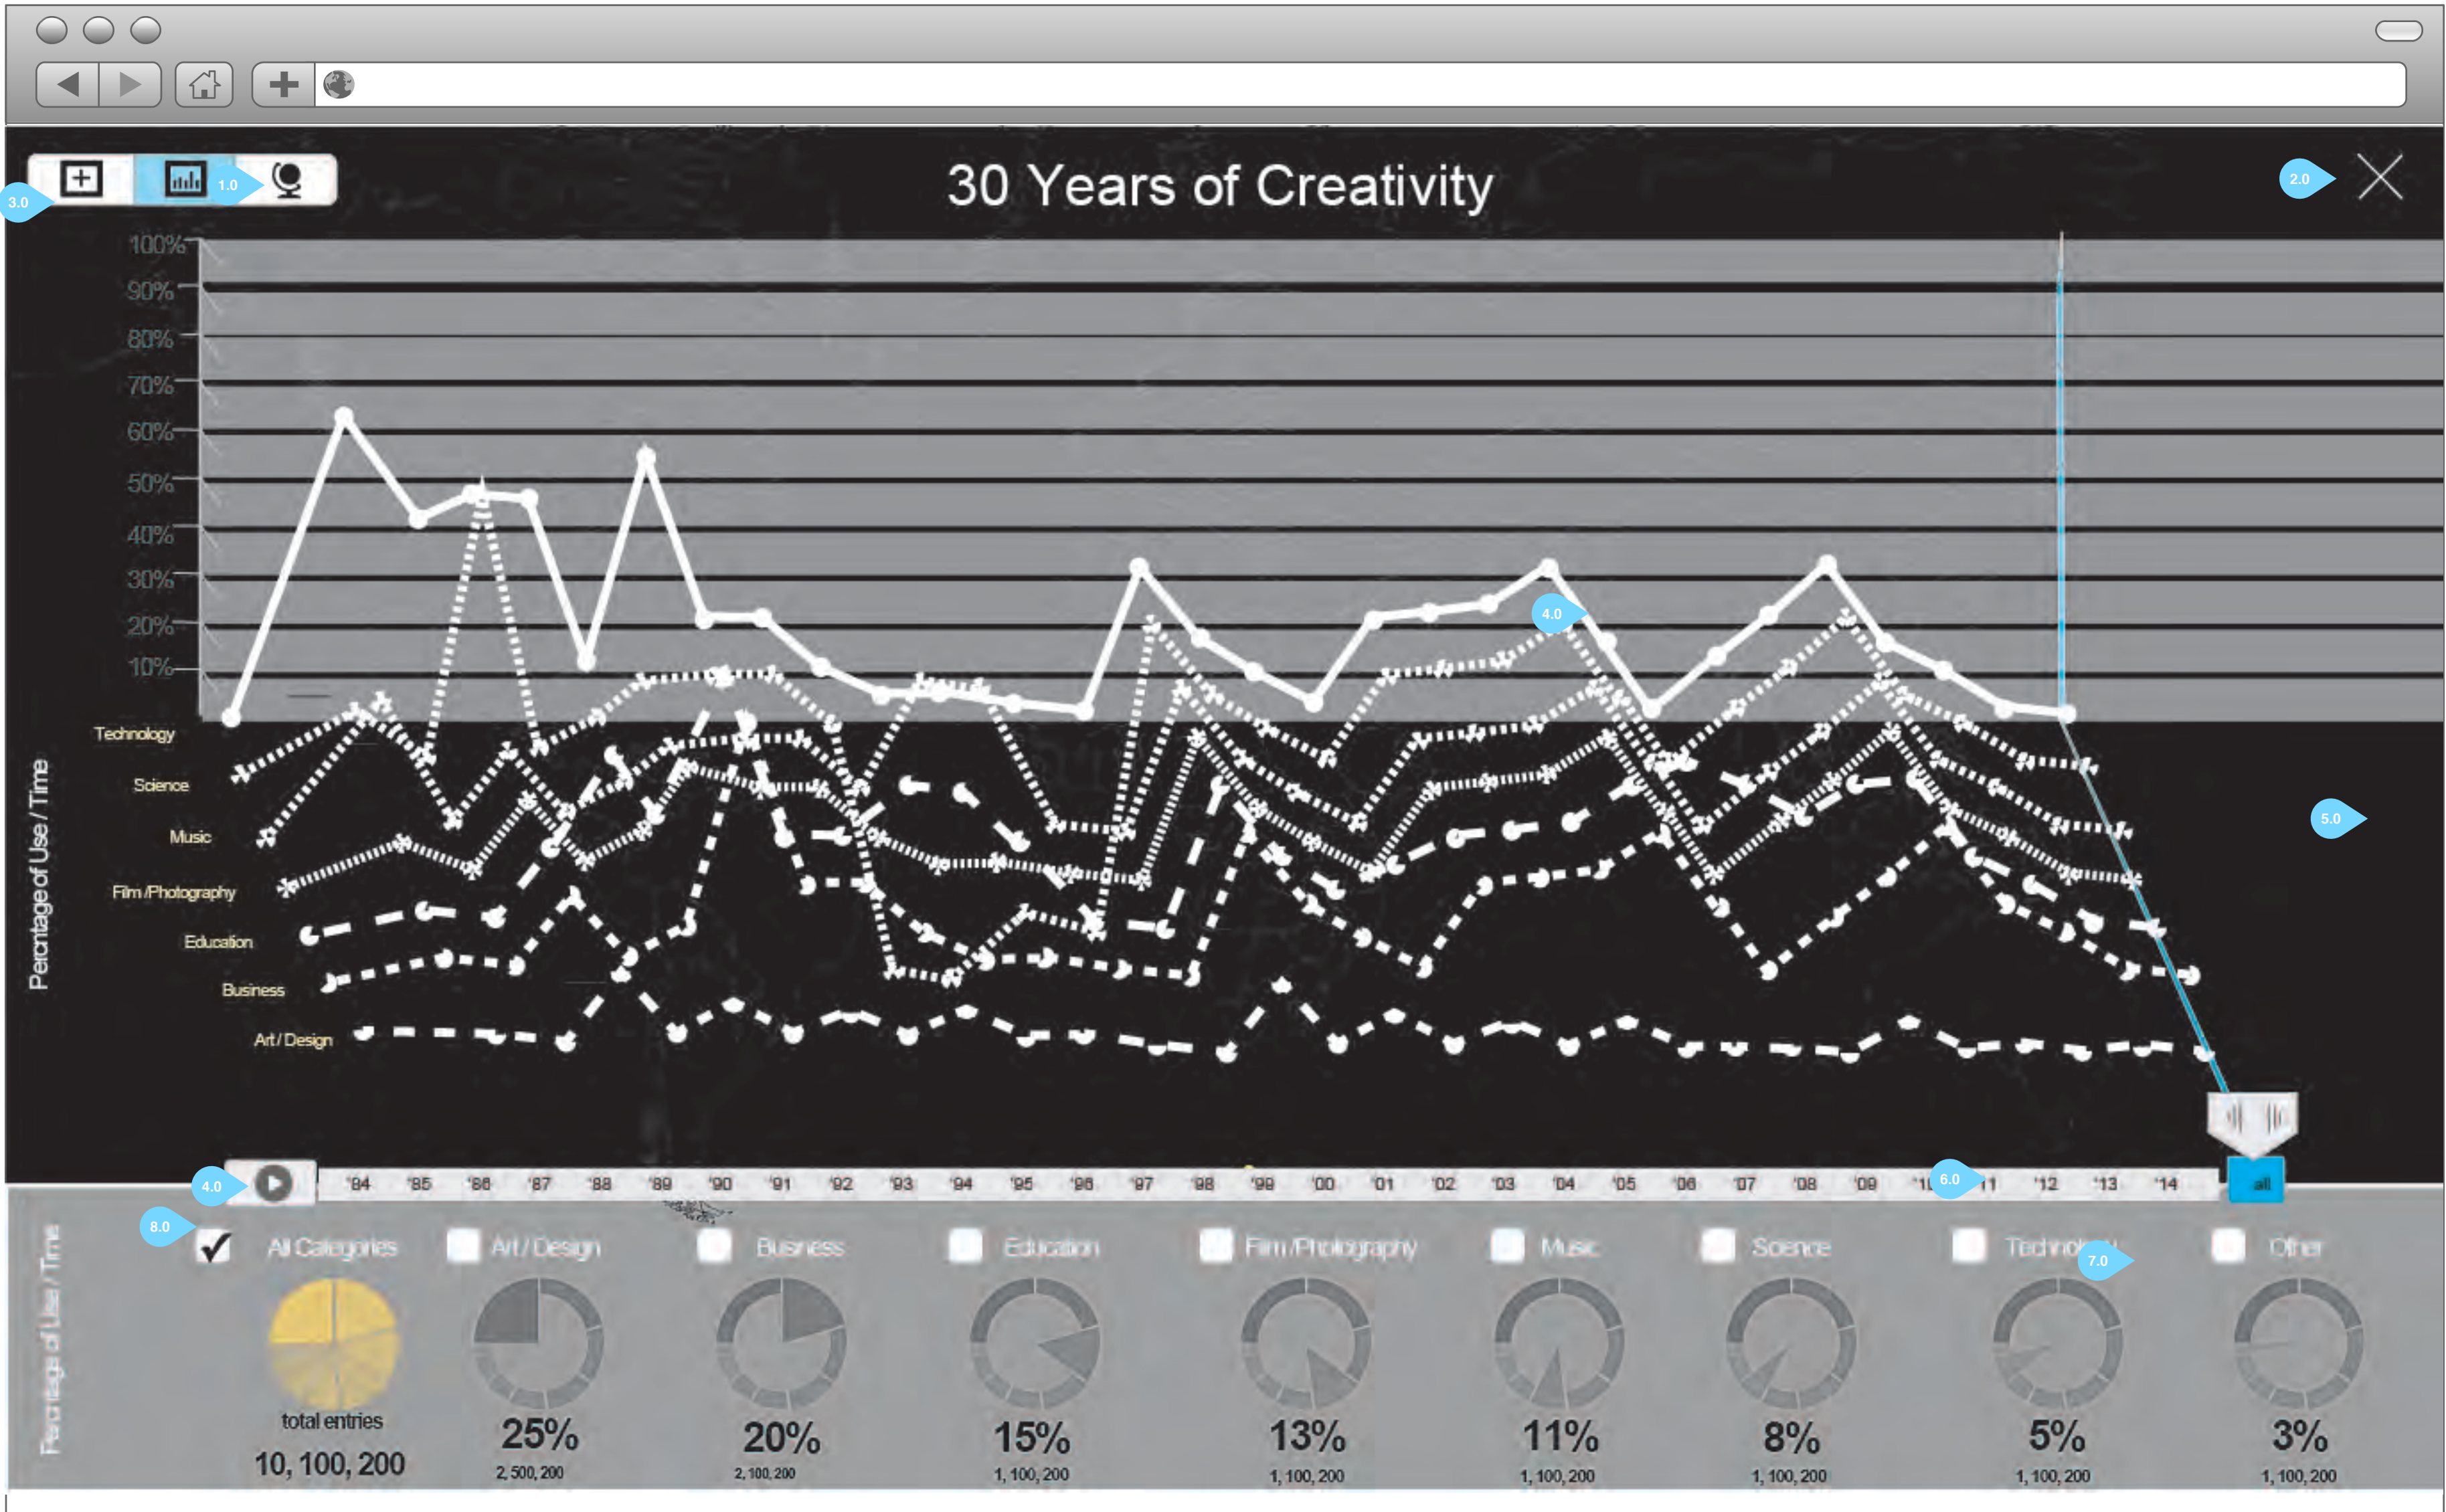

Annotations

- 1.0 Timeline location Paused**
User selects into Share / Visualization resulting in a paused timeline and the visual moves
- 2.0 Active Visualization**
User selects into share and timeline interaction moves to that top of the page.
- 3.0 Title of visualization**
Icon and title copy for visual
- 4.0 Close Visualization Form**
User can close the add to visualization form
- 5.0 Select a mac - Search + drop down combo**
Progressive disclosure search box with a drop down choose option
- 6.0 Select craft - search + drop down combo**
Progressive disclosure search box with a drop down choose option for all the available categories
- 7.0 Select Location - search + drop down combo**
Progressive disclosure search box with a drop down choose option for all the available location on the globe.
- 8.0 Quick find - IP location find**
Quick find IP location uses browser location services to quick find a users location on the globe
- 9.0 Add to visualization**
Once user has completed all forms the can add to the visualization

client: SUPERNOVA	uxd: UX DESIGN FRAMEWORK & WIREFRAMES	version: 1.0	modified: Tue Nov 19 2013	39
description: Tablature Timeline Concept			creator: Tool of NA	prepared by: Chris Becker

6.2 Social Visualization - Year + Globe

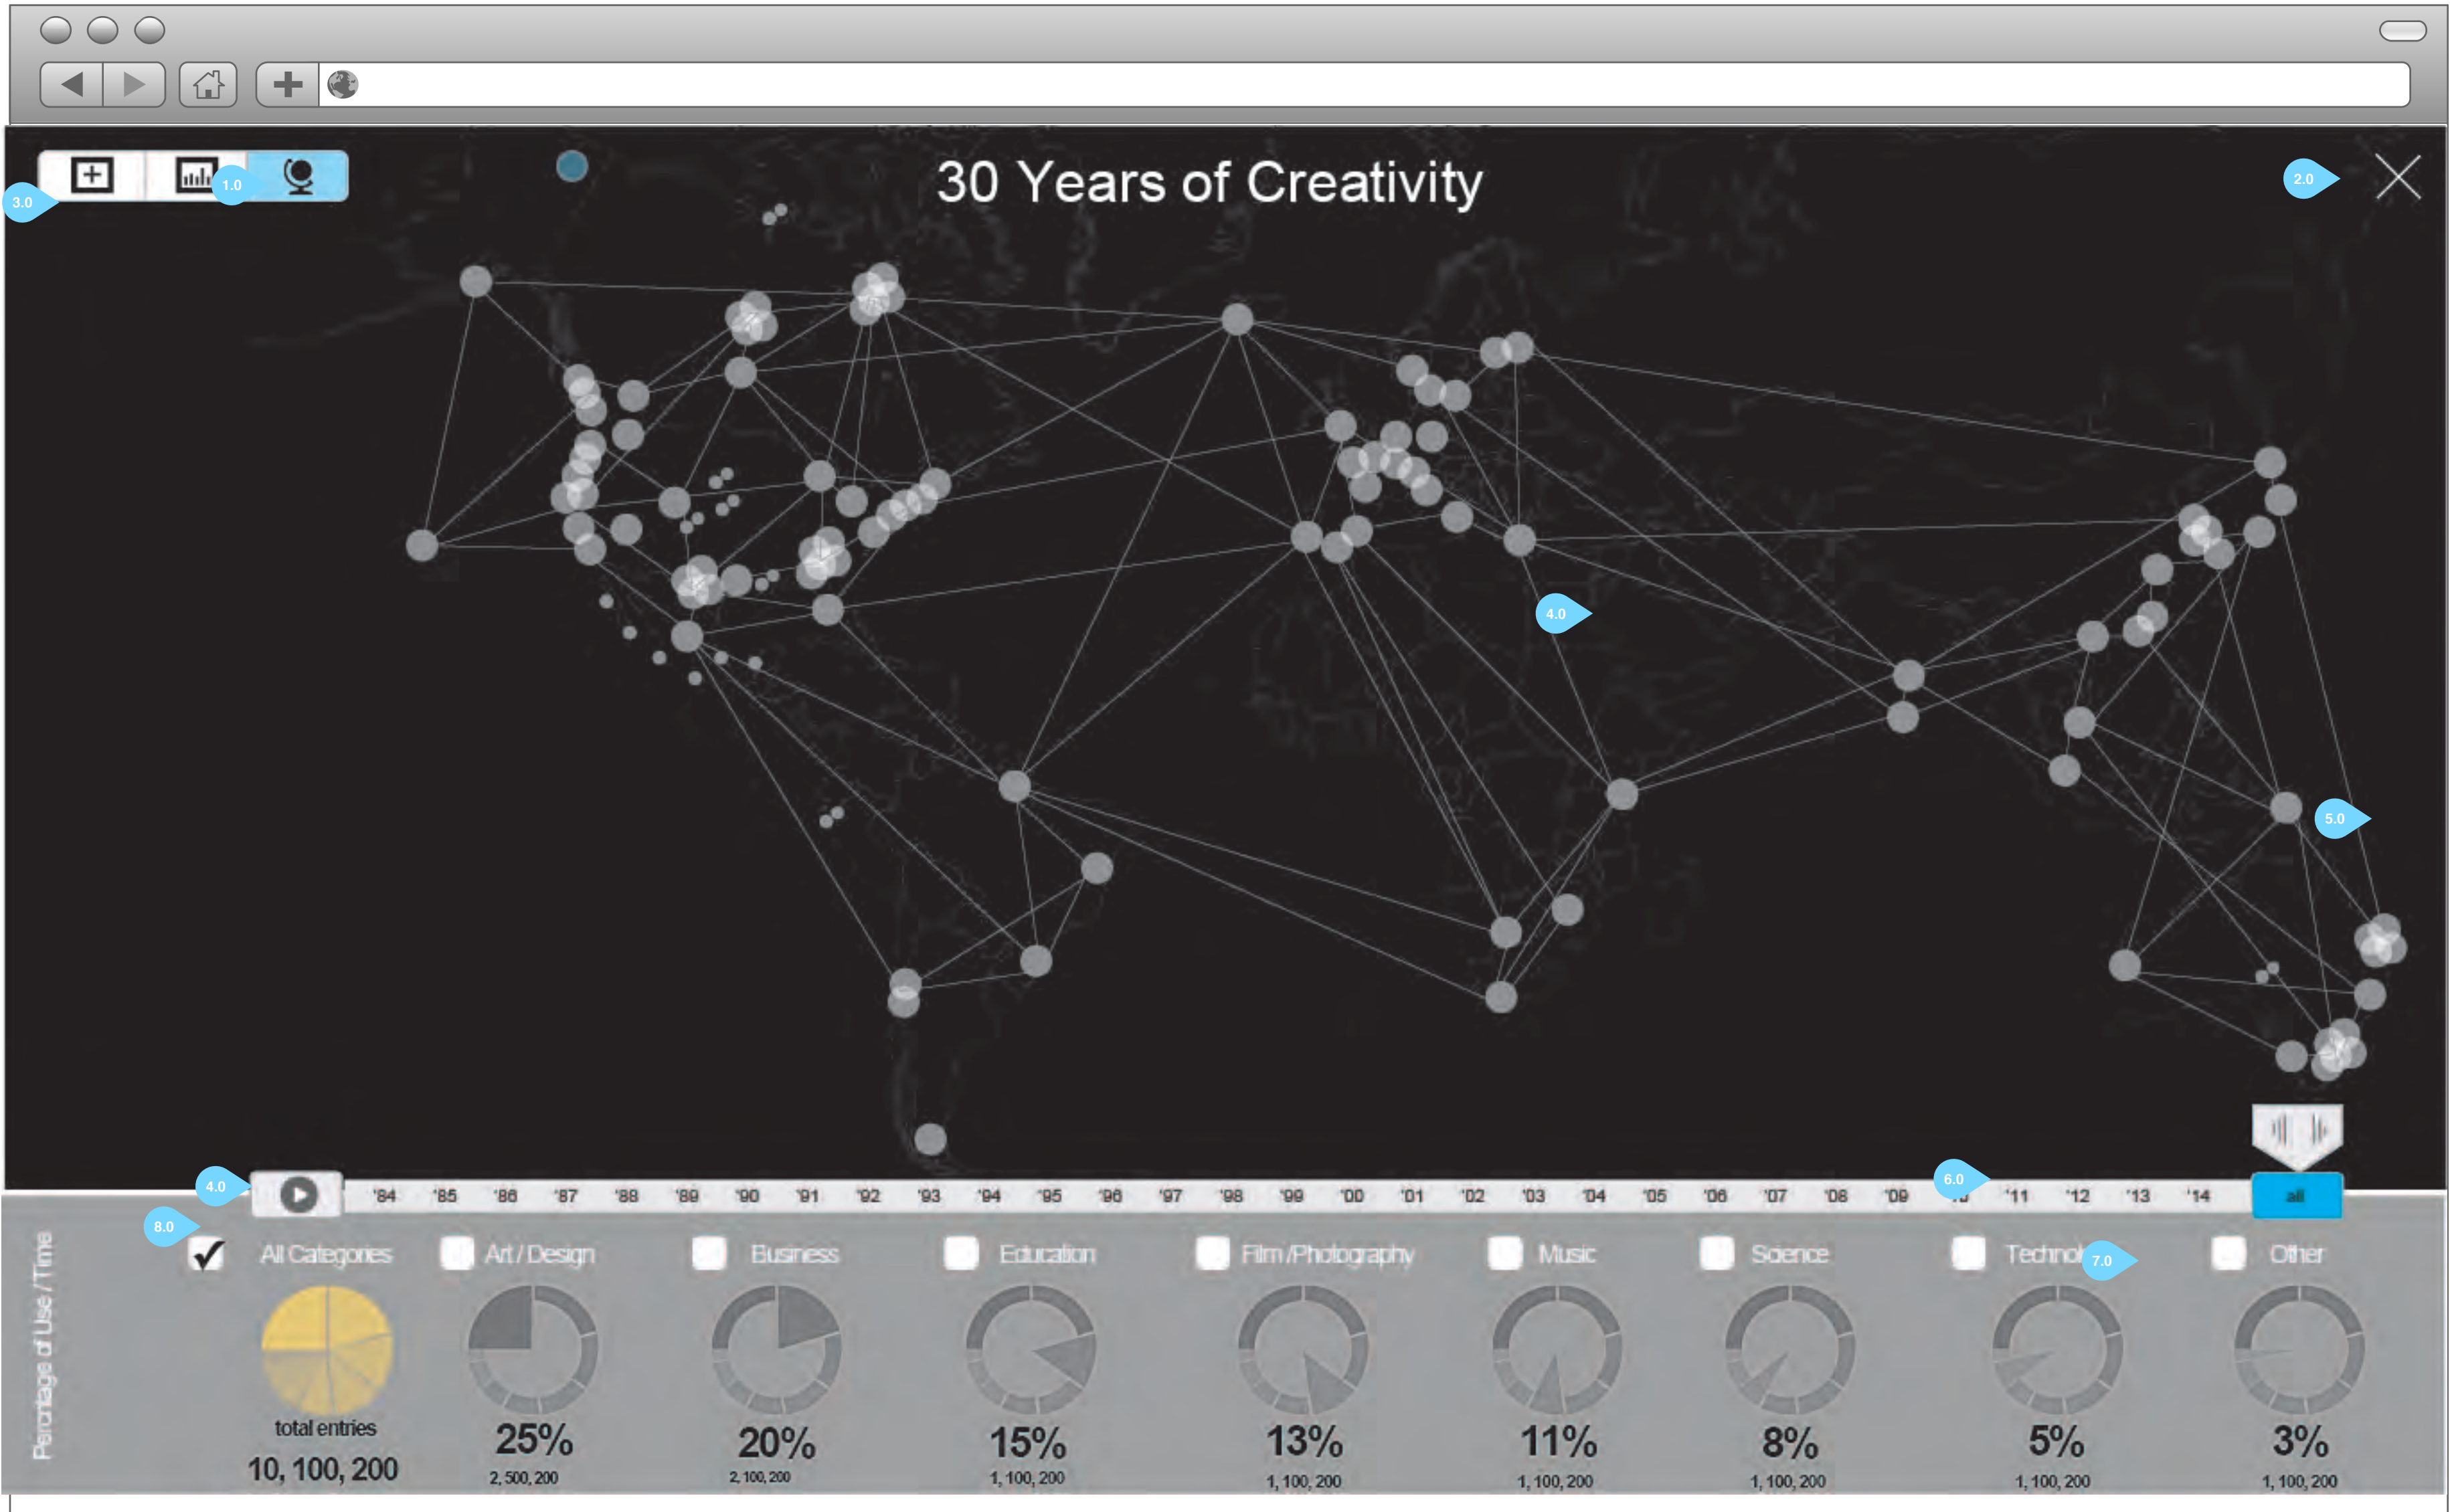

Annotations

- 1.0 Category over time Visualization**
All users who add to the visualization can explore a globe with everyone who has added with the visualization form
- 2.0 Return to Timeline**
When user is done exploring visualization user can return to timeline.
- 3.0 Added Visual to globe**
When a user adds to the visualization the user will be giving an indication of how they added to the total.
- 4.0 Year Visualization location indicator - Level**
Global visualization can be seen from all and 1984 - 2014. User can move the location indicator to change time and globe relationship
- 5.0 Play through Visualization**
Global visualization can be seen as at time relationship the passes form all to 1984 - 2014
- 6.0 Visualization Timeline**
Shows All and timeline from 1984 - 2014
- 7.0 Categories & Percentages**
Visualization data can be seen broken down by percentile of use by category
- 8.0 Categories Selection Check box**
Visualization data can be filtered through category to broken down percentile and global use
- 9.0**
- 10.0 Share functionality**
Use can share the visualization with social networks and email.

client: SUPERNOVA	uxd: UX DESIGN FRAMEWORK & WIREFRAMES	version: 1.0	modified: Tue Nov 19 2013	40
description: Tablature Timeline Concept			creator: Tool of NA	prepared by: Chris Becker

6.2 Social Visualization - Year + Globe

Annotations

- 1.0 Globe Visualization**
All users who add to the visualization can explore a globe with everyone who has added with the visualization form
- 2.0 Return to Timeline**
When user is done exploring visualization user can return to timeline.
- 3.0 Added Visual to globe**
When a user adds to the visualization the user will be giving an indication of how they added to the total.
- 4.0 Year Visualization location indicator - Level**
Global visualization can be seen from all and 1984 - 2014. User can move the location indicator to change time and globe relationship
- 5.0 Play through Visualization**
Global visualization can be seen as at time relationship the passes form all to 1984 - 2014
- 6.0 Visualization Timeline**
Shows All and timeline from 1984 - 2014
- 7.0 Categories & Percentages**
Visualization data can be seen broken down by percentile of use by category
- 8.0 Categories Selection Check box**
Visualization data can be filtered through category to broken down percentile and global use
- 9.0**
- 10.0 Share functionality**
Use can share the visualization with social networks and email.
